TECHNICAL SKILLS

- HTML
- CSS
- JavaScript
- Python
- C#.NET
- Java
- Node.js
- mySQL
- Visual Studio Code
- Visual Studio
- Eclipse
- Git

PROJECTS

Morse Accounting & Income Tax Service Website   *Jan. 2024 – Mar. 2024*
Front-End Developer   *Detroit, ME*
- Developed and launched a responsive website using HTML, CSS, and JavaScript, demonstrating user-friendly design and seamless navigation.
- Collaborated with the business owner to incorporate personalized content, including about sections and service offerings, to effectively communicate the brand message.
- Utilized CSS and JavaScript to create interactive elements such as navigation menus and sticky headers for enhanced user experiences.
- Focused on optimizing website performance through minimizing load times through efficient code and asset optimization.

Personal Website Portfolio   *Dec. 2023 – Feb. 2024*
Front-End Developer
- Designed and implemented a visually appealing and responsive user interface, ensuring an optimal user experience and adherence to industry best practices in UI/UX design.
- Utilized JavaScript to implement dynamic features and interactivity, enhancing user engagement and overall website functionality.
- Conducted thorough testing on multiple browsers and devices, ensuring cross-browser compatibility and responsiveness.

"Zemzim" | Discord Bot   *Dec. 2023 – Present*
Node.js Developer
- Utilized Node.js to architect and implement the bot, capitalizing on its asynchronous and event-driven capabilities for efficient Discord API integration.
- Utilized npm to manage dependencies, ensuring a streamlined development process and maintaining version control for the project.
- Employed Node.js debugging tools and testing frameworks to identify and resolve issues promptly, ensuring a stable and reliable Discord bot.
- Implemented command handling in Node.js, ensuring seamless interaction with the bot and providing users with an intuitive and responsive user experience.

EDUCATION

Thomas College   *Waterville, ME*
Computer Science (BS)   *Sep. 2022 – May 2025 (Expected)*
Cum. GPA: 3.87 / 4.0

Relevant Courses: Databases, Data Structures & Algorithms, C#.NET Programming
